

why advocate? Because Your Voice Is Powerful

Benefits available to Connecticut residents with disabilities are determined by public policy and funding choices made by government officials. Experience tells us that the personal stories of how such services and benefits change lives is a powerful motivator.

That's where you come in!

Advocacy, by people with disabilities, their families, friends, and supporters, helped to create the array of supports and services available today. Share your story with your legislators, help us host a legislative visit, send an email, or sign a petition to show our public officials the life-changing value of the benefits your loved one receives.

Take Action Today!

Call your legislator. Write a letter. Attend a legislative hearing. Host a meeting. You decide how you would like to advocate for the needs and benefits of Connecticut residents with disabilities, and we support your work in every way possible. Begin advocating today.
